Program Director

27th May 2026

19:20 - 21:00

Dr. Sameer Shrirangwar

Consultant Medical Oncologist Hemato Oncologist,
NCI Hospital, Nagpur

Dr. Sameer Shrirangwar is a distinguished Consultant Medical Oncologist at the National Cancer Institute (NCI), Nagpur, recognized for his expertise in providing cutting-edge and evidence-based oncological care. With an impressive academic background including MD, DM in Medical Oncology, and MRCP (UK), he brings a global perspective to cancer treatment, having previously served at the world-renowned Tata Memorial Hospital, Mumbai.

He specializes in the comprehensive management of a wide array of malignancies, with a particular focus on gastrointestinal cancers, lung cancer, and precision oncology. Dr. Shrirangwar is highly proficient in administering advanced systemic therapies, including immunotherapy and targeted treatments, ensuring that each patient benefits from the latest scientific breakthroughs in the field.

Known for his empathetic and meticulous approach, Dr. Shrirangwar prioritizes personalized treatment plans that integrate clinical excellence with the patient's overall quality of life. His active involvement in clinical research and dedication to medical education reflect his commitment to advancing the standards of cancer care in Central India.

Regards,
Dr. Sameer Shrirangwar
Consultant Medical Oncologist
