BHOPAL *Oncology* UPDATE 2026

📅 22nd & 23rd August 2026 📍 Hotel Noor-Us-Sabah, Bhopal

Dr. Shyam Aggarwal
Organising Chairman
Medical Oncologist
Navodaya Cancer Hospital, Bhopal

Dr. Amiya Agrawal
Organising Secretary
Radiation Oncologist
Navodaya Cancer Hospital, Bhopal

On behalf of the organizing committee, I am delighted to welcome you to Bhopal Oncology Update 2026, a national conference dedicated to exploring the journey of oncology—from fundamental principles to the most advanced practices shaping modern cancer care. This conference is dedicated to advancing oncology education by bringing together leading oncologists, experts, researchers and healthcare professionals from across the country. As cancer care continues to evolve, collaboration and continuous learning remain essential to improving patient outcomes. Through expert discussions, case-based learning, and the exchange of ideas, we aim to create a meaningful platform that promotes innovation and strengthens our collective commitment to excellence in oncology. I warmly invite you to join us in Bhopal for this enriching academic gathering and look forward to your valuable participation.

Regards,
Dr. Shyam Agrawal
Organising Chairman

It is my pleasure to welcome you to Bhopal Oncology Update 2026. The scientific program has been thoughtfully curated to address contemporary challenges in oncology while highlighting emerging evidence, evolving treatment strategies, and advances in patient-centered cancer care. Designed to encourage meaningful interaction and multidisciplinary learning, the conference will provide opportunities to engage with distinguished faculty, exchange perspectives, and gain practical insights that can be translated into everyday clinical practice. I extend my sincere gratitude to our faculty, delegates, sponsors, and organizing team for their support and look forward to sharing an inspiring and rewarding academic experience with you in Bhopal.

Regards,
Dr. Amiya Agrawal
Organising Secretary

About Bhopal

Taj-ul-Masajid

Sanchi Stupa

Bharat Bhavan

- ◆ Bhopal, the capital city of Madhya Pradesh, is a harmonious blend of rich heritage and modern development. Known as the “City of Lakes,” it is distinguished by its scenic beauty, with iconic waterbodies such as the Upper Lake (Bhojtal) and Lower Lake enhancing its serene landscape.
- ◆ Steeped in history, Bhopal reflects a unique cultural legacy shaped by its princely past, evident in landmarks like Taj-ul-Masajid—one of the largest mosques in India—and the grand palaces that echo its regal heritage. The city also stands as a growing hub for education, healthcare, and research, hosting reputed institutions and advanced medical facilities.
- ◆ Strategically located in central India, Bhopal offers excellent connectivity by air, rail, and road, making it an accessible destination for delegates from across the country. Its blend of natural beauty, cultural richness, and modern infrastructure makes it an ideal setting for national and international academic gatherings.

About

NAVODAYA

CURE *for* CANCER

Navodaya Cancer Hospital stands as a trusted name in comprehensive cancer care in Central India, delivering advanced treatment with compassion, precision, and integrity. With a strong commitment to patient-centric care, the hospital blends cutting-edge technology with a highly experienced team of specialists to ensure the best possible outcomes. The hospital is fully National Accreditation Board for Hospitals & Healthcare Providers (NABH) accredited, consistently maintaining the highest standards of quality and patient safety over the years. At the helm of Navodaya Cancer Hospital is Dr. Shyam Agrawal, a highly respected and accomplished oncologist, recognized as one of the first leading oncology specialists in the MP & Chhattisgarh region. The hospital is further strengthened by Dr. Amiya Agrawal, a renowned Radiation Oncologist trained at the prestigious Tata Memorial Hospital, Mumbai. Both oncologists are ESMO and ASCO certified and actively participate in national and international oncology conferences and CMEs, strongly believing in continuous learning to bring the most advanced and effective treatments to their patients. Notably, Dr. Amiya Agrawal is the only SBRT (Stereotactic Body Radiotherapy) expert in Central India, offering highly precise, targeted radiation treatments that significantly improve outcomes while minimizing side effects.
